1.6	General perception . . . . .	6
1.6.1	Programming is boring . . . . .	6
1.6.2	When I practise my programming improves . . . . .	7
1.6.3	Compared to other students I am a good programmer . . . . .	7
1.6.4	I wish I had more time for robotics at school . . . . .	8
1.6.5	Girls enjoy programming less than boys do . . . . .	8
1.6.6	I like what I program . . . . .	9
1.6.7	Programming is more fun when it's in team . . . . .	9
1.6.8	I'm interested in robotics . . . . .	10
1.6.9	Robotics is difficult . . . . .	10
1.6.10	Programming is difficult . . . . .	11
1.6.11	I've learned a lot of unnecessary things preparing the challenge . . . . .	11
1.6.12	My suggestions are taken seriously by other members of my team . . . . .	12
1.6.13	I spoke to the teacher if I had a problem . . . . .	12
1.6.14	I discussed with my teammates if I had a problem . . . . .	13
1.6.15	I am pleased with the support I have received for the R2t2 mission . . . . .	13
1.6.16	We have a nice, positive group environment . . . . .	14
1.6.17	Robotics is a subject where students help each other . . . . .	14
1.6.18	I was influencing decision taken in my team . . . . .	15
1.6.19	All my suggestions were followed . . . . .	15
1.6.20	I was taking initiatives in the group . . . . .	16
1.6.21	I was not always asking my teammates their opinion in what I was doing . . . . .	16
1.6.22	We splitted the work equally between the team members . . . . .	17
1.6.23	Our team was noisy and disordely . . . . .	17

# 1 Demographic Analysis

## 1.1 Geography

## 1.2 Gender

Gender data :

female	male
16	37

1.3 Age

Age data :

Min.	1st Qu.	Median	Mean	3rd Qu.	Max.
9.00	11.25	13.50	16.80	15.75	47.00

1.4 Past usage ...

1.4.1 of Chatting systems

#### 1.4.2 of video streaming systems

#### 1.4.3 of robots

## 1.5 Skills self-perception

### 1.5.1 in communication

### 1.5.2 in programming

### 1.5.3 in managing

### 1.5.4 in Organizing

## 1.6 General perception

### 1.6.1 Programming is boring

### 1.6.2 When I practise my programming improves

### 1.6.3 Compared to other students I am a good programmer

### 1.6.4 I wish I had more time for robotics at school

### 1.6.5 Girls enjoy programming less than boys do

### 1.6.6 I like what I program

### 1.6.7 Programming is more fun when it's in team

### 1.6.8 I'm interested in robotics

### 1.6.9 Robotics is difficult

### 1.6.10 Programming is difficult

1.6.11 I've learned a lot of unnecessary things preparing the challenge

1.6.12 My suggestions are taken seriously by other members of my team

### 1.6.13 I spoke to the teacher if I had a problem

### 1.6.14 I discussed with my teammates if I had a problem

1.6.15 I am pleased with the support I have received for the R2t2 mission

1.6.16 We have a nice, positive group environment

### 1.6.17 Robotics is a subject where students help each other

### 1.6.18 I was influencing decision taken in my team

### 1.6.19 All my suggestions were followed

### 1.6.20 I was taking initiatives in the group

**1.6.21 I was not always asking my teammates their opinion in what I was doing**

**1.6.22 We splitted the work equally between the team members**

### 1.6.23 Our team was noisy and disorderly
